Annexure-I

G.O.(Ms.)No. 944, Home (Police X) Department, dated 27.12.2017

I. Pattern of School

- a) **Name of the School:** The name of the new school to be established as a welfare measure will be "**Police Public School**", Melakottaiyur, Kancheepuram District.
- b) **Pattern of Education:** It has been decided to affiliate the school to the **State Board** with Co-Education system with English as the medium of instruction.

As per the procedure, it has been decided to have classes up to IX STD in the 1st year (2019-2020) and in the 2nd year (2020-2021) the school will become a regular high school with X STD which will ultimately prepare the students for the board examinations. During the inception of 3rd year (2021-2022), the school will have adequate infrastructure, Teaching and Non-Teaching personnel to absorb the passed out candidates from Class X into Class XI by way of upgrading the high school into higher secondary school.

Police-Public student ratio and reservation: It is proposed to commence the school with a maximum strength of 1000 students in the first year. Out of this 50% i.e. 500 seats will be earmarked for the wards of personnel belonging to the uniformed services (serving and retired). The wards of the personnel and ministerial staff belonging to the uniformed services namely, Police, Prisons, Fire and Rescue Services, Forest Department and the staff of the school will be eligible for 50% earmarked seats. If there is a heavy demand for seats admission will be purely based on merits.(based on norms and standards prescribed by State Government).

The remaining 50% seats will be earmarked for children of general public. However preference will be given to the wards of the other State Government employees. Here again, the admission will purely be based on merit.

If 50% seats reserved for the wards of either the Uniformed Services personnel or the public, are not filled to

the fullest extent, the Executive Committee can take a decision to relax the 50:50 ratio.

However, in reality there might be a situation that in certain years more than 50% of the children may be from the wards of the Uniformed Services personnel, then in those years the number of seats left unfilled, after accommodating the wards in the earmarked 50% mentioned above, for children from public can go below 50%. The Executive Committee will take a decision to relax the norms depending upon the requirement.

Strength of the School: The school will have an estimated total strength of 1000 students from LKG to Standard XII. There will be 2 sections for each class from LKG to Standard X requiring 26 classrooms including 2 rooms for Day Care. Standard XI and XII will have four sections each, requiring 8 classrooms (each subject group to have one section). Therefore, the school will have a total of 34 classrooms. The existing Government norms students - strength will be followed during admission.

Existing Government norms:

1	Primary - Standard I to V	30 students per class
2	Middle - Standard VI to VIII	35 students per class
3	High School - Standard IX and X	40 students per class
4	Hr. Sec. School - Standard XI and XII	45 students per class

c) Subject Groups to be offered in Higher Secondary (Standard XI & XII):

The following four subject groups are proposed to be offered:-

- a) Physics, Chemistry, Biology and Maths
- b) Physics, Chemistry, Computer Science and Maths
- c) Business Maths, Accountancy, Commerce and Economics
- d) Business Maths, Accountancy, Statistics and Computer Science

At the time of seeking affiliation with State Board for Higher Secondary Education, the Executive Committee will finalize the groups.

Fee Structure:

The fixation of the School fee will be made as per the recommendations of Tamil Nadu Private Schools Fee Determination Committee, Government of Tamil Nadu.

If the number of beneficiary wards exceeds 50%, the Executive Committee shall revise the percentage of Police-Public ratio accordingly. However, the shortfall in the fee structure due to increase in the beneficiary wards ratio shall be met from corpus fund or by increasing the fee payable by the public wards. If the Executive Committee decides that the shortfall cannot be met from the available resources, then Executive Committee will request grant from the Government to meet the shortfall.

- d) **Fee concession:** Since the School has been proposed by the Hon'ble Chief Minister of Tamil Nadu with the objective of providing very high quality education to the wards of the Uniformed services personnel as a welfare measure, fee charged between students of Uniformed personnel and others will be in the ratio of 1:2.5 (as per the recommendation of the Tamil Nadu Private School's Fee Determination Committee, Government of Tamil Nadu).

The final decision taken by the Fee Determination Committee, Government of Tamil Nadu will be binding.

- e) **Others:**

1. Teaching and non teaching members may be deployed from existing Government Schools on deputation basis. Headmasters, who are willing, may be short listed and deputed to the new school.

2. **Parents-Teachers Association:** A Parents-Teachers Association must be formed.
